Rep. Jon Hoadley, from the 60th District, offered the following invocation:

“Dear Lord, in a chamber that often hears grand words of praise, I offer a simple prayer of forgiveness.

For when my actions did not live up to my intentions

When my words were not kind

When my failure to act caused pain or the actions I took caused others to suffer

When my intentions and my impact did not align

When I did not listen to understand, but rather just listened to respond

When I was not the best partner, friend, son, uncle, or brother that I could be

I ask forgiveness.

As we begin another day of work for the people of Michigan and our communities, I ask for Your guidance to be better, to treat others as we would want to be treated, and look for the best in all of our brothers and sisters.

In Your name,

Amen.”

The Speaker called the Speaker Pro Tempore to the Chair.

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power of the state of Michigan in the Governor; and

WHEREAS, Section 8 of Article V of the Michigan Constitution of 1963 provides that each principal department shall be under the supervision of the Governor, unless otherwise provided by the constitution; and

WHEREAS, a safe school environment is paramount to the health and well-being of Michigan's students and school personnel; and

WHEREAS, outdated school building infrastructure represents potential vulnerabilities to the safety of students and school personnel; and

WHEREAS, policy-makers, school administrators, law enforcement, students and parents continue to search for solutions to the problem of violence in schools; and

WHEREAS, it is important that the state of Michigan develop comprehensive, coordinated and effective recommendations for school safety to guide our understanding and prevention of violence in school settings; and

WHEREAS, these recommendations must be effective and collaborative at the local and state level to provide the preventative and responsive measures our schools need today and into the future for a safe and secure environment; and

WHEREAS, an ongoing and full assessment of the safety of Michigan's school infrastructure and policies is needed; and

WHEREAS, Michigan should look to experts and leaders from across the state who are committed to the safety of Michigan's children and school personnel to identify current practices and future needs; and

WHEREAS, input from discussions and meetings with students, parents, teachers, counselors, administrators, school safety personnel, law enforcement officials, mental health professionals, security specialists, and other related stakeholders will be critical to this process; and

WHEREAS, the School Safety Task Force will research, assess and advise in matters relating to the assessment and development recommendations to keep our schools safe and will be responsible for providing recommendations no later than November 30, 2018; and

NOW, THEREFORE, I, Richard D. Snyder, Governor of the state of Michigan, by virtue of the power and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. CREATION OF THE SCHOOL SAFETY TASK FORCE**

A. The School Safety Task Force (the "Task Force") is created as an advisory body within the Department of State Police.

C. The Governor shall additionally appoint four (4) members to the Task Force as follows:

- One (1) member submitted by the Speaker of the House of Representatives;
- One (1) member submitted by the Minority Leader of the House of Representatives;
- One (1) member submitted by the Senate Majority Leader; and
- One (1) member submitted by the Senate Minority Leader.

- The Director of the Department of Health and Human Services.

E. A vacancy on the Task Force shall be filled in the same manner as the original appointment.

F. The Task Force shall include individuals with a particular interest or expertise in education, public health, law enforcement, or emergency response.

## **II. CHARGE TO THE TASK FORCE**

A. The Task Force shall act in an advisory capacity to the Governor, the Department of State Police, and the state of Michigan and shall do all of the following:

1. Analyze top performing states to determine how their law enforcement, school officials, and public health experts collaborate on providing preventative policies and services to create safe and secure learning environments for schools.
2. Based on this analysis of top performing states, identify the structural and policy recommendations for collaboration, planning, and regular assessment of school infrastructure and safety policies, including distinct geographic and demographic variances where appropriate.
3. Review and update Michigan's All-Hazards Emergency Operations Planning Guidance for Schools to account for lessons learned from recent violent incidents and best practices and create a comprehensive School Safety Plan to include behavioral health components.
4. Identify components for the creation of a positive recognition program for best practices in school safety to include assessment and auditing functions for school buildings. This program should include, at a minimum, recommendations for comprehensive school safety policies, the identification of a behavioral health assessment person or team of people, a mechanism for students to anonymously report suspicious behavior, and other policy components a safe school should have in place that include both the response to an emergency and the prevention of such emergencies, as well as recommendations for basic physical safety structures in school buildings, taking into account local funding mechanisms, and a structure for regular assessments of school buildings, plans, policies, and procedures for recognition.
5. Advise on the role of behavioral and mental health assessments in school safety plans and procedures, review and advise on the implementation of the Pathways to Potential program and other similar programs and provide recommendations on increasing the role and collaboration between school violence prevention and behavioral health in schools. Also advise on recommended methods and alternatives to current student disciplinary actions such as school expulsion or judicial intervention.
6. Develop a tiered school safety curriculum standard for those individuals acting in a School Resource Officer or similar role at any Michigan school. The curriculum should include a tiered approach for different levels of School Resource Officers serving in varying capacities, such as those that serve on a part-time basis, full-time basis, or those that carry weapons. Identify potential sources of training, including MCOLES, vocational schools or community colleges, as well as mechanisms for ongoing training, consistency and quality control, and length of certification.
7. Develop methods to incentivize and encourage joint evaluation and planning of school safety needs between law enforcement, school administrators, local public health, and other impacted stakeholders. In addition, identify mechanisms for state and local cooperation and collaboration to share best practices on planning, evaluations, and improvements for longer term planning with higher education institutions and state departments.
8. Provide other information or advice as directed by the Governor.
9. No later than November 30, 2018, complete its work and issue a final report to the Governor and legislature.
10. Recommendations that are finalized prior to November 30, 2018, are encouraged to be issued as they are completed.
11. Forty-five (45) days after issuance and submission of its final report, the Task Force shall be deemed to have completed its charges and is abolished.

B. Nothing in this Executive Order shall be construed to diminish the constitutional authority of the State Board of Education pursuant to Section 3 of Article VIII of the Michigan Constitution of 1963, to provide leadership and general supervision over all public education, including adult education and instructional programs in state institutions, except as to institutions of higher education granting baccalaureate degrees; to serve as the general planning and coordinating body for all public education, including higher education; and to advise the Legislature as to the financial requirements in connection therewith.
